FEED BACK FORM

1. Model : Briquetting Press – Model No. ROLLER DA/12/NCH

2. Supplier : M/s. Adarsh Engineering Works, Nagpur.

3. Experience : Satisfactory

4. Preference about Machine : a) Reasonable Cost
b) Simple to Operate
c) No frequent replacement of parts except the Main Rollers

5. Suggestions : Wear out of the Rollers for abrasive raw materials like Manganese Ore dust is quite high, which works out to be approx. Rs.25-30/MT of Briquettes. Perhaps better quality Rollers may improve the Roller life.
